

TEE 2 GREEN

“Interseeding works for us”

HERE IS WHAT **WILL WORK** FOR YOU

Country Club at Castle Pines
Sean McCue, Castle Rock, CO

“We are in fourth year of interseeding, and our population of bentgrass is anywhere from 70–80% on our fairways.”

Hinsdale Golf Club, Bob Maibusch, MG,
CGCS, Clarendon Hills, IL

“We had germination in 5-7 days, and just looking at it, 80–90% germination of the bentgrass seed we put down.”

Stone Creek Golf Club
David Phipps, Oregon City, OR

“I’ve been doing it for two years now, and I’ve seen an overall improvement of appearance, vigor, and turf quality and texture in all my greens.”

“I WILL CONTINUE TO **INTERSEED** TO KEEP GETTING ADDITIONAL POPULATIONS OF **BENTGRASS** OUT THERE AND TO HELP ME **COMPETE AGAINST THE POA ANNUA** POPULATIONS IN OUR FAIRWAYS”

Sean McCue, Country Club at Castle Pines, Castle Rock, CO

These superintendents, from both private clubs and public golf courses across the country, say that interseeding with the advanced bentgrasses from Tee-2-Green is a highly effective method for improving turf.

The interseeding process is simple: After you aerify, put down one of the aggressive Penn bents from Tee-2-Green, such as the Penn A’s & G’s, Seaside II, PennLinks II, or Penneagle II. Over time, as you slowly build up your seed bank, the aggressive Penn bentgrasses will grow and spread to become

the dominant turf on your greens, fairways, and tees—even out competing many unwanted weeds, including *Poa annua*.

Soon, you will begin to notice that your playing surfaces are growing more dense and playing more consistent. And because the advanced Penn bents are more disease resistant and tolerant of extreme conditions than other bentgrass varieties, your course will be easier and less expensive to manage. The key is to follow these simple interseeding techniques.

“I’VE SEEN AN **OVERALL IMPROVEMENT OF APPEARANCE**”

David Phipps, Stone Creek Golf Club, Oregon City, OR

The best part is that when you interseed, you can dramatically improve your golf course without disrupting play. Your members and players won’t even realize until they

notice a better-playing course. To improve playing conditions on your golf course, don’t renovate, interseed with the advanced Penn bents from Tee-2-Green—the finest, most trusted bentgrasses in the world.
